National University of La Plata
Faculty of Astronomical and Geophysical Sciences

PHD. ACADEMIC RECORD

List of courses, seminars, schools and internships undertaken so far by Miss FLORENCIA COLLACCHIONI (ID 35381035), enrolled in a five-year Ph.D. in Astronomy programme in Universidad Nacional de La Plata.

Date of enrollment: 1st April 2016.

Currently obtained 22 credits out of 20 credits needed to complete the Ph.D.

Courses	Credits Given	Year	Condition
Seminar of Population of Galaxies	2.5 credits	2016	Approved
Scientific Computational Tools	4.5 credits	2016	Approved
MultiDark Galaxy Workshop	1.0 credits	2016	Approved
Introductions to Smoothed Particle Hydrodynamics	1.0 credits	2016	Approved
High Energy Astrophysics	1.0 credits	2017	Approved
4-weeks Internship at University of Western Australia	---	2017	---
2018 Endeavour Research Fellowship from Australian Government (5 months long)	4.0 credits	2018	Approved
2018 ICRAR/CASS Radio School	1.0 credits	2018	Approved
9-weeks Internship at Leiden University	---	2019	---
High Energy Sky Workshop	---	2019	---
Seminar of Stellar Formation in Galaxies	4.0 credits	2019	Approved
2 nd Latin American School on Parallel Programming for High Performance Computing	3.0 credits	2019	Approved
First School on Data Science and Machine Learning	---	2019	---
